Swift®melt Health Portfolio

Hot melt Skin Attachment Adhesives

H.B. Fuller's Swift®melt Health portfolio of hot melt skin attachment adhesives is for manufacturers of medical products and devices who want to adhere to skin and allow to confidently certify that products will stay in place or avoid prematurely releasing from skin under a variety of demanding use conditions so that the consumer does not have to change their device as frequently. Swift®melt Health adhesives allow manufacturers to ensure the safest solutions for skin with biocompatible regulatory support.
